

## Everything

Everything suffers the same paradoxical qualities as nothing.

## The Ripple / Butterfly Effect & Unity

Reference to the butterfly flapping its wings and causing a Tornado half way around the world.

Space and time are inextricably linked. Go ahead and attempt to visualize or understand time without some sort of matter description attached. Similarly space is nonexistent w/o time. Imagine space. You've probably imagined a snapshot, a single time point of physical objects.

Every being is a unique particle set of spacetime. Between or filler amongst beings establish continuity of the universe. Any action or lack of action ripples throughout the entire universe at a given spacetime. In one's own selfish nature, we choose to view ourselves as distinct or separate from the universe. A single universe ourselves, per se. This isn't correct. We are all one, unity. As such, there is no difference between life & death or spacetime. All
